

## Welcome to the Balmoral

Welcome to the Balmoral Motel. We are celebrating our sixth year in Tatamagouche and the 41st Anniversary of the Balmoral's Opening in 1967. Since taking the motel over in 2003 we have made some major renovations and changes, covering everything from new Simmons Beautyrest beds to removing the old-fashioned wall panelling and wallpaper in rooms in the old section. But we've kept the great water views, the quiet atmosphere, and the great sleep you get here! We have introduced some priceless extras - free WIFI, free calling within North America, free newspaper, and free breakfast. We have also computerized our reservation and check-in process, ensuring that you spend the minimum time on paperwork and the maximum time enjoying your visit. We now also have online booking. Just click on Check Availability above!
