

Pets and Allergies

The Balmoral has several dedicated pet-friendly rooms. Due to the large number of Nova Scotians with pet allergies, including one of the owners of the Balmoral, we have found it necessary to restrict pets to the Pet-Friendly rooms. If you are staying in one of these rooms, we welcome your dog or cat. If you have a pet alligator with you, perhaps you should call ahead! Normally, we will not be able to accommodate your pet unless you reserve a Pet-Friendly room ahead of your visit.

We only ask you to be a responsible pet owner, taking care of your pet and cleaning up after it. Bags are available for this purpose at the front desk if you forget your supply. We also ask that should you leave your pet alone in your room, please ensure that he or she is confined to a carrier, and that you are not gone long enough for them to be upset and disturb other guests. There is a large field in the back of the motel which you may use to exercise your pet. If you need a pillow for your pet to sleep on, we will be happy to provide one. We also provide treats so that your pet knows they are welcome here!

As your pet is a valued member of your family, we trust you will understand that Pets are charged as a third adult member of your party in the room.
